

Project Engineer

Glenfield Invicta Limited

VACANCY: Project Engineer

LOCATION: Northwest England Region

ABOUT US:

Glenfield Invicta Limited is part of the AVK Group; who are market leaders in the supply of valves, fittings and flow control equipment to the Water, Waste Water, Oil and Gas industries throughout the world.

A vacancy has arisen for a Project Engineer to join and support the business with driving Continuous Improvement and collaboration.

You will be responsible for ensuring the allocated portfolio of projects are delivered in a timely, effective, and efficient manner, and meet Glenfield Invicta Limited's expectations in line with the expectations of our clients. Working with customers and sub-contract partners you will ensure works are delivered accordingly within the agreed budgets.

ABOUT THE ROLE:

Key responsibilities include, but are not limited to:

- Liaise with suppliers as required and ensure supplier deliverables are managed effectively.
- Ensure all projects are planned, managed, and delivered effectively within agreed budgets.
- Establish and maintain key relationships with customers regarding plans, progress, and issues.
- Establish and maintain contacts with the Sales teams regarding plans, progress, and issues.
- Provide weekly and monthly forecasts of the revenue income for the portfolio/projects.
- Ensure commercial and contractual elements of projects are understood, planned, and delivered.
- Work across Glenfield Invicta Limited to ensure solutions are fit for purpose and appropriate for the customer and Glenfield Invicta Limited.
- Attend site meetings & undertake site inspections when required.
- Day to day Project Team management.
- Manage own and team workload to ensure agreed deadlines are achieved.

ABOUT YOU:

- Previous years' experience in a similar role within engineering.
- Electrically or mechanically qualified to HNC/HND or City & Guilds/NVQ Level 3 or equivalent (including 18th Edition).
- Technical background ideally with actuators, valves, associated equipment.
- Proven experience of dealing with key customers in a professional manner.
- Excellent communication and solution orientated problem-solving ability.
- Demonstrate attention to detail and observation.
- Flexibility to adjust workload priorities to take account of new deadlines.
- Continuous Improvement Mindset.
- Excellent planning and organising skills.
- Full driving Licence.

Project Engineer
